DETAILED ACTION

Election/Restrictions

Applicant's election with traverse of Group I in the reply filed on 02/14/2008 is acknowledged. The traversal is on the ground(s) that SEQ ID No. 2 and 9 differ by only a few nucleotides and even with the small differences between Group I and II, each composition is derived from the same basic structure of Formula I and there would be no serious burden on the Examiner to search the related inventions. This is not found persuasive because SEQ ID Nos. 2 and 9 are two distinct nucleotide molecules that do not overlap in scope. SEQ ID No. 2 is 28 nucleotides in length and SEQ ID No. 9 is 24 nucleotides in length and based on the different nucleotide sequences, SEQ ID No. 9 is not an obvious variant of SEQ ID No. 2. As such, the nucleotide sequences are mutually exclusive because each composition comprising SEQ ID No. 2 and 9 comprise distinct nucleotide sequences.

The requirement is still deemed proper and is therefore made FINAL.

Status of Application/Amendment/Claims

Applicant's request for continued examination under 37 CFR 1.114 filed 12/31/2007 has been considered. The claim amendments filed 02/14/2008 are also acknowledged.

With respect to claims 11-18, these claims were not amended and are the same claims filed 07/16/2007 after the Final Office action mailed 04/17/2007 along with remarks addressing the rejections of record in the above action. Response to

Art Unit: 1635

Applicant's arguments were addressed in the Advisory Action mailed 08/07/2007 and because Applicant did not file any additional arguments stating why the claims are patentably over the prior art, claims 11-18 remain rejected under 35 U.S.C. 112, first paragraph and under 35 U.S.C. 103 for the reasons of record in the Office action mailed 04/17/2007 and reiterated in the Advisory Action mailed 08/07/2007.

Claim Objections

Claim 19 is objected to as being dependent upon a rejected base claim and reciting non-elected subject matter, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims and deleting non-elected subject matter.
